

HVMS

WATER FILLING STATION PROJECT

HELP US HELP OUR SCHOOL

Did you know that HVMS currently has 21 water fountains that need replacing.

Parents, grandparents, students, neighbors, business owners are all welcome to participate. The more people we involve the closer we reach our goal of providing new water filling stations **AND** making a positive environmental, healthier, and economic impact for our HVMS students and staff.

BENEFITS OF NEW WATER FILLING STATIONS:

1. Reduce the spread of germs
2. Reduce illness
3. Reduce absenteeism
4. Promote more hydration = better mental performance
5. Quick and easy way to fill up reusable bottles – no more awkward bottle fills
6. According to elkayzh2o.com, Elkay has saved 4,208,988,517 plastic bottles from waste with their bottle fillers.
